July is National Hot Dog Month. And although we think of the hot dog as an American "original" — invented as the answer to what to do with your hands at baseball games — a closer look shows this isn't true.

— CT —

Actually, the great granddaddy of the hot dog, the sausage, originated in Greek and Roman times and was served as refreshment at chariot races. According to early recipes, the forerunner of the hot dog was made of finely minced pork and bacon, lavored with pine nuts, cumin seeds, bay leaves and other herbs.

— CT —

In the process of hot dog evaluation, the sausage generation gave way to the frankfurter. This delicacy of the Middle Ages was first made in the city of Frankurt am Main, West Germany, and hence its name.

— CT —

We don't have the exact date for the frankfurter's arrival in the United States. We do know, however, that it quickly gained recognition and popularity as the "hot dog," becoming a well-loved addition to the American snack scene.

— CT —

Unfortunately, the hot dog's early image as a snack food still prevails. By assigning the hot dog "snack food" status, Americans miss out on the food's potential as a main dish, party food or as the basis for brunch or late supper. But, times are changing, and who knows? With a Rosalyn Carter in the White House, hot dogs may soon grace formal state dinners.

— CT —

When one reaches the age of 62, they start thinking about retirement, and as they grow older the thoughts become more and more paramount, I suppose this is all due to discussion on the subject through retirement plans and soforth . . . Some of us do retire, but others go on and on and on. I had an interesting letter the other day from our Junior Senator in Washington, Senator S. I. Hayakawa, and I believe he is somewhere over the age of 70, but he tells about some of his experiences and to me they are interesting . . . so will pass them on to you . . . Remember, it is the Senator speaking to you . . .

— CT —

Next month, John L., a civil servant, will be 70 years old, and Federal law requires him to retire from his job. He is in good health and he and his wife will be able to get along nicely on his pension. What will he do next?

— CT —

Will he take up golf, then take a trip around the world, and die of boredom after two years? Will he go back to school, or do community work, or learn landscape painting — or will he go to a new career?

What does retirement mean?

— CT —

I talked about this question the other day at a House committee hearing concerning legislation to change mandatory retirement laws. I was invited presumably because at 70 I am the oldest freshman in the United States Senate.

— CT —

The hearing was heavily stacked in favor of lifting mandatory retirement laws. One of the speakers who preceded me, a television and film actor, made an impassioned (and terribly hammed up) speech against enforced retirement. "It's a crime — a monstrous crime," he shouted, "to toss older people aside simply because of age."

— CT —

As the hearing went on, I became more and more uneasy. If the only thing in your life is your job, I thought to myself, when

POLICE SALARIES SET BY SPLIT VOTE OF COUNCIL

After an executive session, during the regular meeting of the City Council, held on Tuesday, July 26, City Administrator David Lund presented the Council with a Memorandum of Understanding concerning the increases in salaries of the Sierra Madre Police Department.

As the motion and second was made, the roll call vote was the customary vote of 3 to 2; Councilman Edwards and Councilman Adams voting against the raise and Councilman May, Delgatto and Mayor Abernethy for the raise. The nay votes stood on the grounds that they felt the increase was too high.

Although the increase in salaries was given at five per cent for all classified positions, the fringe benefits ran into many thousands of dollars. (1) Effective on July 1, 1977, all classified ploice employees and qualified dependents will receive a City paid for dental insurance program. (2) Effective July 1, 1977, the City will pay $26.94 per month or dependent health insurance coverage. Each employee will have deducted from his salary a total of $7.13 per month for the program. (3) All other benefits in existence during the fiscal year 1976-77 will remain in full force.

The Police Department, seeking more adequate retirement conditions, has submitted to deliberations, which would submit findings and recommendations on or before September 6 of 1977, for modification of existing retirement programs.

The Resolution No. 77-47 granting the pay raises and benefits was also passed by motion and second, on a 3 to 2 split vote, and approved the Memorandum of Understanding, provided that each employee on subpoenae shall receive a maximum payment of two hours at the regular rate of pay for each day on call, except when on duty. That each employee shall work a total of 2,080 hours per year and shall receive bi-weekly compensation equivalent to one-twenty-sixth of the appropriated annual salary. The proposal is retroactive to July 3, 1977.

Future Library Expansion Plan To Be Studied By Ad Hoc Advisory Committee

Chairman of the Sierra Madre Community Redevelopment Ad Hoc Advisory Committee R. Robert Evans, addressed the City Council and asked for direction concerning the Committees involevement into the proposed or anticipated expansion plan of the Sierra Madre Library.

Two months ago, President of the Board of Trustees, Earl Morris, addressed the Council on te subject of the Library being included within the boundaries of the Sierra Madre Redevelopment area, for the purpose of being considered for funds from the CRA or expansion of the library building.

Chairman Evans, maintained that the question of expansion of the Redevelopment Area was well explained by a letter to the Committee from City Attorney Robert Kress, leaving little for the committee to accomplish, hence he asked for direction, from the Counil.

Chairman Evans was told that it was the desire of the Council, and was so exemplified by motion and second, that the Committee do an in-depth study of the request ade by the Board of Trustees. That the committee search out facts and figures, and come up with a recommendation as to how soon the City Council and the Agency be in a position to give serious consideration to the project.

The Library Board of Trustees, secured the services of an Architect during the closing months of 1976 to give them plans and specifications, so that they could make application to the Federal EDA program for funds to build the expansion. The Architect's estimate of the cost of the expansion was set at $500,000. The application was made, and like the City Hall application, did not receive approval.

President of the Library Board Earl Morris has been before the Council on several occasions and has stated that Fund Drive was being planned by the Library Board and the Friends of the Sierra Madre Library, and that a chairman of that drive had been named, wherein it was hoped to accumulate funds by donation, and then use those donated funds to seek out available "Grants" some of which supposedly give $2 for every $1 and others on a 1 to 1 basis. The Committe should complete its work in about three months.

Girls' Softball Season Closes

The 1977 Girls' Softball season has come to its culmination with much success.

In the Senior Division, the Knickerbockers, sponsored by P. A. P., Inc., won the championship for this year's season, with 10 games won and four lost.

In the Junior Division the Pink Panthers, sponsored by Petite Salon, earned first place with 10 games won and two lost.

The final standings are as follows:

SENIOR DIVISION

	W	L
Knickerbockers	10	4
Blue Jeans	9	5
Summertime Blues	8	6
Whiz Kids	8	6
Gumpoppers	7	7
Diamond Dusters	5	9
Snoppy Sluggers	5	9
Nitty Grittys	4	10

JUNIOR DIVISION

	W	L
Pink Panthers	10	2
Sandpipers	9	3
Yellow Hawks	7	5
Blue Jays	6	6
Basebelles	5	7
Green Hornets	4	8
Road Runners	1	11

This year, closing day ceremonies have been reserved for the weekend before school starts in September, so that everyone can attend.

4 Week Growing Pains Solved!

Marie's Glass and Mirror Stages Expansion Opening

Opening their doors for business at No. 13 Kersting Court on the first day of July, M. Marie McDonald and Raymond Alvarez, quickly realized that the tremendous acceptance of Sierra Madreans and people of the area was indeed going to cause them problems in taking care of all the business requests that were made.

"Can you believe this"? asked Marie, "after two weeks we knew that we could not handle the volume of business in the small building, and knew that it was absolutely necessary to expand. Everyone was with with us, and when the building next to us became vacant, it was indeed an opening that would help us solve our problems."

"It has taken us three weeks to whip the new addition into shape, and we are now ready for the Grand Opening of our expansion on Saturday, August 6, just four weeks after opening business in Sierra Madre . . . Isn't that 'somthun'," says Marie, as Ray just stands back and shakes his head. Rays says: "Seems that all my life I have been painting and moving partitions, wouldnt surprise me a bit if we took over the Sierra Madre News Office and then on to Carrie's Fabrics in the next couple of weeks."

Many fabulous contracts for store fronts, installations of mirrors and windows have been received by the new firm since it opened, but still both Marie and Ray take care of those small orders that keep filtering in day in and day out, and can you believe it, both of them still have time to stop their work and chat a bit on what an outstanding city Sierra Madre is and the friendliness of its people.

For over a year Marie, who has been affiliated with her mother at Charlie's Glass in Pasadena, has had her eye on Sierra Madre and a burning desire to go into business here. When No. 13 Kersting Court became available, she was there to take advantage of it, and her partner, with years and years of experience in all phases of Glass Work, was ready to join with her in an effort to bring to Sierra Madre the "ultimate" in custom design mirrors store fronts, plate and window glass, glass tops, shower enclosures, sliding doors and windows and have the pleasure to introduce to Sierra Madre Art Glass by Cambria Tree Shop. The doors installed at No. 11 and 13, are custom made by Marie's son and truly set the building apart from anything else ever viewed in our community.

Both Marie and Ray invite you to their opening on Saturday, August 6, starting in the morning from 9 a.m. until closing at 6 p.m. It will be exciting, awesome and well worth your time to see the outstanding displays of these two enthusiastic, new business people in our community.

Librarian's Request Tabled

A request to the City Council, at its regular meeting of Tuesday, July 26, by Sierra Madre Librarian Mary D. Tumilty, was tabled by a motion of Councilman May, and a second of Councilman Edwards on the grounds that the information was given to the Council at the last moment before a Council meeting and a serious consideration such as this requires more time for study before action.

The request was for consideration of Senate Bill 792, which had passed the Senate and is scheduled for a hearing before the Assembly by the Education Committee on Thursday, August 4, in Room 402, State Capitol. Tabling the matter left it in limbo, as the next meeting of the Council is not scheduled until August 9. Friends of the Library had voted to support the Bill.

Correction As Published

A misunderstanding was published this past week which we wish to correct. Betty Z. Monroe, manager of Lloyd's Bank California, did not resign from the Board of Directors of the Sierra Madre Chamber of Commerce.

She resigned her position as vice president, so that an appointment could be made to take over the presidency for the 1978 year.

SM City Council Adopts Resolution On Appointment

Due to an error in the tenure of one member of the Library Board, one year earlier than the appointed time, proved to be a little embarrassing to City Councilmen, who found it necessary to pass an additional resolution at its regular meeting of Tuesday, July 26, to right the wrong.

Cynthia Brack's term was shortened one year and instead of reappointing her, Mayor Abernethy appointed and confirmed by the majority of the Council, Helen Hoyt Hawley on June 14. Later the error was discovered, and Mrs. Brack was asked to continue her tenure of office, but resigned. Resolution 77-44 righted the situation, as far as the new appointment was concerned, and gave the appointment to Helen Hoyt Hawley, who will finish the term.

Arcadian To N.C. For Marine Duty

Marine Lance Corporal Lawrence J. Wallencheck, son of George Wallencheck of 1012 Duarte Road, Arcadia, has reported for duty at the Marine Corps Air Station, Cherry Point, N. C.

He joined the Marine Corps in March 1975.

Baldwin Construction On the Way

Distributed the first part of this week, was the brochure from the County of Los Angeles, concerning the reconstruction of Baldwin Avenue.

Joe Toland, will be the inspector for the County Road Department and will be on the site to help expedite the work. His main job is to provide information about the project to any who may be interested; however, those wishing to contact the county may call the County Road Department at 226-8174 and refer to the Cash Project No. 4730.

The actual work has already started and the west side of Baldwin will be reconstructed first with the ripping up the asphalt and curbs, after the gas lines are laid the project will be leveled and the tearing up of the asphalt and curbing on the east side will be completed.

The work will consist of reconstructing the pavement and resurfacing on both Baldwin from Grandview to Orange Grove and the block of Kersting Court. In addition, curb, gutter, sidewalk and draintge facilities will be reconstructed on the northeast corners on Baldwin Avenue and Sierra Ma-

'Citizen CPR' Class Set For Thurs., 6:30

The Sierra Madre Volunteer Fire Department will be offering it "Citizen CPR" class this Thursday evening, August 4, at 6:30 p.m.

This class in cardiopulmonary resuscitation will be completed in one evening, starting at 6:30 p.m. and ending at 10:30 p.m. As part of the course the clearing of the obstructed airway by use of the "Heimlich Maneuver" will also be demonstrated and taught.

The class has been offered twice a month in the past, but enrollment had dropped off in the past month and it will now be offered the first Thursday of each month and uses multiple instructors to enable a reasonable ratio of insructors to students. It is open to anyone over eighth grade and is especially recommended for those living in a household with someone with a cardiac instability.

In addition to clearing of the obstructed airway, the course deals with providing artificial ventilation by the use of mouth-to-mouth resuscitation and artificial cir-

C of C Sales Promotion Announced

Information by Don Jackson, president of the Sierra Madre Chamber of Commerce, was dispatched to each merchant this past week notifying them of the construction to be done on Baldwin Avenue now in full swing, August 3rd and running for a period of some eight to ten weeks.

President Jackson called upon each merchant to join together and assist their fellow merchants in putting on a sales promotion similar to the one enjoyed by the merchants on Sierra Madre Boulevard during their inconvenience in July and August of last year.

President Jackson reminded them of the twenty-five per cent of business increase that was obtained by outstanding specials during that period of time, and called upon them to gear themselves for the same exposure during the inconvenience of reconstruction period.

The announcement was made that prizes totaling $100 per week in $50, $35 and $15 gift certificates will be offered with the gift certificates redeemable in any participating business establishment. The names will be drawn from either sales receipt or cash register tapes, showing the person's name, address and telephone num-

SM Family Joyed With Finalization Of Adoptions

Superior Court Judge Lester E. Olson last week finalizer adoptions of 20 Cambodian orphans who were brought to the United States as part of "Operation Babylift" in April 1975. For the children and their adoptive parents, it was the happy ending of more than two years of uncertain waiting.

One local family was heavily involved in the proceedings, they being Mr. and Mrs. John Ower, 370 W. Highland Avenue, whose adoted child is named Thea.

The children were airlifted out of Phnom Penh, Cambodia, by Dr. Stan Mooneyham, president of World Vision International, just days before the fall of the city to communist insurgents.

The evangelical humanitarian leader said the children had been "sick, malnourished, frightened and alone in the world — without parents or relatives willing or able to care for them." That description was a sharp contrast to the bright, healthy-looking youngsters who accompanied their new parents to the courtroom proceeding last week.

A court decision in October 1975 had ruled invalid the original adoption proceedings by Family Ministries, a private Christian adoption agency. The children were then placed in the custody of the Los Angeles County Department of Adoptions. They were allowed, however, to remain in the homes where they had been placed pending final place-

Former Resident Now In Top Hawaiian Position

The following story was a reprint from the "Honolulu" Magazine about Eileen Anderson, now State Budget and Finance Director. Eileen is a niece of Kathleen Shadforth of our city, who reports that Eileen came to Sierra Madre as an infant and lived with her parents and family on East Laurel Avenue, attended local schools.

When her family moved to Hawaii, she went with them and entered and graduated from the University of Hawaii. Her father, now retired, lives in Santa Barbara, many old timers will remember him as Elmer Pulling. Eileen and husband have three gorwn children.

Following is the story taken from the magazine:

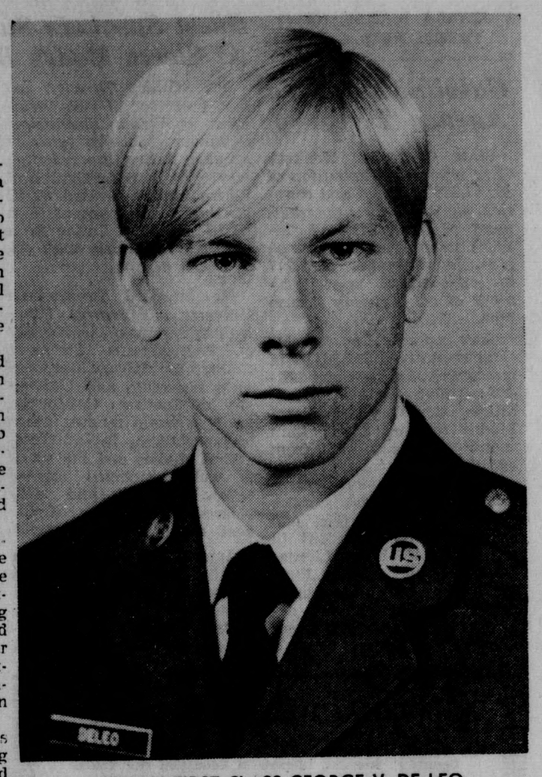

"If you think the family budget is hard to manage, contemplate the job of State Budget and Finance Director Eileen Anderson, who managen the state's $3 billion biennial budget.

"She is the only female state director of budget and finance in the U.S. She is one of two women department heads in the state governments. Her position had never been held by a woman before in Hawaii.

On her way up the Civil Service ladder, she found some rungs missing.

She says, 'I was able to work my way up in staff positions, but when it came

AIRMAN FIRST CLASS GEORGE V. DE LEO

. . . . To Preparatory School

George V. DeLeo Selected For U.S. Air Force Academy

Airman First Class George V. DeLeo, 18, son of Mr. and Mrs. Amil DeLeo, 37 W. Grandview, this community, has been selected to attend the U.S. Air Force Academy Preparatory School, Colorado Springs, Colo.

A 1976 graduate of La Salle High School, Pasadena, Airman DeLeo entered the Air Force in June 1976. Prior to receiving notification of his selection, he had been assigned to Air Force Communications Service (AFCS) headquarters, Richards-Gebaur AFB, Mo., as a computer systems monitor.

He reported to the preparatory school July 25 for one year of intensive study in mathematics, English and military training in preparation for an appointment to the Air Force Academy class of 1982. Upon successful completion of the preparatory school curriculum, Airman DeLeo would be appointed to the Academy. Subsequently, after four years he would be graduated with a bachelor of science degree and a regular commission as an Air Force second lieutenant.

With hopes of becoming a pilot after graduation, Airman DeLeo cited the splendid educational opportunity and the challenges of a military environment as his primary reasons for selecting the Academy.

Under the leadership of Lieutenant General James R. Allen, superintendent, the Academy offers a four-year program of instruction and experience to cadets so that they are graduated with the knowledge and character essential to leadership, and with the motivation to become career Air Force officers.

Cadets are exposed to a balanced curriculum providing a general and professional foundation appropriate for any citizen and essential to a career Air Force officer. Special needs of future Air Force officers are met by professionally oriented courses in human physiology, computer science, economics, military history and astronautics.

The core curriculum includes 19½ courses in science and engineering, and 17½ courses in the social sciences and humanities Cadets take additional elective courses to complete requirements for on of 22 major areas of study offered by the Academy.

The number of cadets completing majors in science and engineering or the social scences and humanities is evenly distributed. However, the most popular majors include management, life science, international affairs, history, behavioral sciences, civil engineering, and aeronautical engineering.

GIRLS' ALL STAR TOURNEY

Some of the girl on Sierra Madre softball teams are getting ready to start the All Star Games.

The Coca-Cola Bottling Co. of Los Angeles is sponsoring the tournament this year aagin. The games are scheduled to take place at John Anson Ford Park, in Bell Gardens. The games go from July 30 through August 5.

The following are the girls chosen from the different softball teams in Sierra Madre.

PEEWEES

Manager, Anna Rouse, Basebelles; coach, Jean Taylor, Green Hornets. Team, Mignon Biely, Stephanie Biely, Marnie Crook Bernadette Elledge, Pink Panthers; Stephenie Nakagawa, Basebelles; Lisa Dahlgren, Kristin Young, Blue Jays; Ingrid Uyemura, Sandpipers; Janice Garrigan, Lisa Pearson, Tami Taylor, Green Hornets, and Sarah VanWickle, Yellow Hawks.

MIDGETS

Manager, Bill Young, Knickerbockers; coach, Grant Meyers, Yellow Hawks. Team: Kathy Behler, Knickerbockers; Carol Wilson, Juli Meyers, Yellow Hawks; Mary Noonan, Anne Thurman, Sandpipers; Victoria Scott, Summertime Blues; Deborah Searls, Michelle Steger, Gumpoppers; Shawna Crook, Pink Panters; Andrea Akita, Diamond Dusters; Kelley McFaul, Catherine DeLeo, Snoopy Slugers.

JUNIORS

Manager, Roger L'Heureux, Blue Jeanes; oach, Bill Sullivan, Whiz Kids. Team: Cathy Latiolait, Blue Jeans; Doren Hernandez, Darleen Hernandez, Laure Hall, Gumpoppers; Donna Doocy. Julie Purmer, Knickerbockers; Sara Rouse, Nitty Grittys; Kathy Crook, Snoopy Sluggers; Kathleen Burke, Summertime Blues; Kathleen Hampton and Wendy Rikley, Whiz Kids.

This year the girls in the 1 and 12 grades, who played softball in Sierra Madre, are having the opportunity to participate in the All Star program.

The SGVMAA Pony Tail League, from Burbank, is sponsoring this tournament, which will take place in Burbank. The games are scheduled from August 21 to 26.

SENIORS

Manager, Andrew J. Krol, Snoppy Sluggers; coach, Richard Krol, Snoopy Sluggers. Team: Lisa Bick, Audrey Marshal, Summertime Blues; Donna Benza, Susan Mc Faul, Snoopy Sluggers; Kathy Kendall, Karin Hutchinson, Yvette L. Heureux, Blue Jeans; Patti Molden, Diamond Dusters; Susan Dyar, Lorraine Turrietta, Knickerbockers; Alice Kumhiro, Rebecca Rouse. Nitty Grittys; and Pam Beanes, Whiz Kids.

Gasoline Taxes To Agency Treasury

State Controller Kenneth Cory reported distribution of $9,463,038 to cities and counties as the July apportionment of state-collected "in-lieu" motor vehicle license fees, plus another $169,247 in semi-annual apportionment of off-highway license fees.

Cory reported Los Angeles County received $1,536,809 in motor vehicles fees and $27,486 off-highway fees. In addition, the City of Sierra Madre received $3,417 from motor vehicles and $61 from off-highway.

The distributeion represents the cities and counties share of license fees and other revenue deposited in the Motor Vehicle License Fee Account during June, 1977, and the semi-annual allocation of revenues deposited in the Off-Highway License Fee Fund.

Guest Speakers Sunday, August 7, At Sierra Madre Bethany Church

Dr. William Sanford LaSor, professor of Old Testament at Fuller Theological Seminary will be guest speaker during the morning service at Bethany Church of Sierra Madre, located at 93 N. Baldwin, on August 7 at 10:30 a.m. Dr. LaSor is a well educated man with six different degrees.

He attended Princeton University, Princeton Theological Seminary, University of Pennsylvania, Dropsie College for Hebrew and Cognate Learning, and University of Southern California. He is a world renown scholar specializing in Old Testament studies and his work is well resspected among fellow scholars and considered to be some of the best material in his field.

Among his works are a number of books he has written and filmstrips he has made that are available to anyone interested. Dr. LaSor's most popular work is his material concerning the Dead Sea Scrolls. He has written three books covering this subject, the latest being "Dead Sea Scrolls and the New Testament." He has also been a pastor of a church and chaplain of the United States Navy. "His experience in serving Christ is tremendous. It will be a great opportunity and privilege to hear Dr. LaSor speak," said the committee in charge and continued with:

"At our evening service at 6:30 we will have another great speaker, Dr. Merv Ronell who is president of Global Concern Corporation which does work with other missionary groups. He presently is working in Kenya and Gautemala, providing food and house for evangelists. They also have a radio broadcasting station that reaches two-thirds of the world today.

"Dr. Rossell is one of the great servants of Christ in our time, serving faithfully for many years in church, youth and city crusades and now in missionary crusades, as a missionary evangelist."

All are invited to attend and hear Dr. LaSor and Dr. Rossell on August 7. The committee says, "it will be a great learning experience."

Pastor Hesse Gives Sun. Topic

Speaking on John's account of Feeding of the Five Thousand, Pastor Armin Hesse has entitled his pulpit message for Sunday "Why Do You Want Jesus?" at Faith Lutheran Church, 845 Hastings Ranch Drive. The service begins at 10 a.m.

Meeting at 9, the Upper Division of the Sunday School will have a discussion - study of Vashti in the current series of "Women of the Bible," under the direction of Mr. Dennis Dressler.

The young people will leave from the church parking lot after the worship service for a day's outing at the beach. They will meet again on Wednesday evening for volleyball and a Bible study ta follow. The Senior High age through young adults will convene on Friday evening at 8. Thursday night will be Church Family Night at Dodger Stadium.

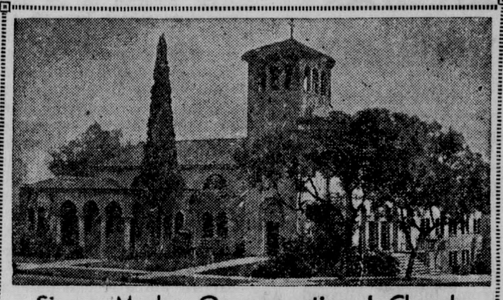

Last Friday evening education and youth director returned from a five - day Christian - Growth Conference in River Forest, Illinois. He represented the southwestern states of The Lutheran Church - Missouri Synod at the educational gathering.

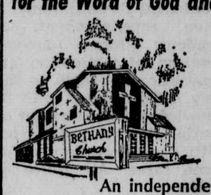

Using a trailer for the first time, Mr. and Mrs. Glen Appleby and their two children, Charles 18, and Lynn 16, drove up to Northern California and parts of Oregon on a two-week vacation.

Dr. and Mrs. Paul Narowich and their three children, Nancy, Joel, and Gary are back in their Old House Road home after three and one-half week tour of the east. They flew to Chicago on the first stop and then went to Indiana where Marilyn attended her high school reunion.

R. S, Hollowell Given Final Rites

Services were held in the Ripple Mortuary Saturday, July 30, at the hour of 11 a.m. for Russell S. Hollowell, age 68, who passed away suddenly at Arcadia Methodist Hospital.

Russell was a painting contractor, retired, living at 590 W. Sierra Madre Blvd., having lived his life in California, originally from Los Angeles and in our community for many years.

In passing this life he leaves his wife, Dorothy E., of the home address; a daughter Kiristine Mary Hollowell of Monrovia; also two sisters Mrs. H. D. Marcus of Pasadena, and Mrs. Winifred Gentry of San Diego.

He was a veteran of World War II, with committal being private inurnment at Los Angeles National Cemetery. Ripple Mortuary of Sierra Madre handled all of the arrangements.

Adoption

ment by the county. The re-ment the children's adoptions cent hearing made perma-into these same families.

Mooneyham congratulated the court and the Department of Adoptions for their action. "In allowing them to remain in the homes where they were originally placed by Family Ministries," he stated, "the court has come to the only decision compassion would allow."

The parents are relieved and happy that the long period of waiting is over, but they are quick to point out that the wait was worth it. "The uncertainty was hard," said Martin Lonsdale, one of the new parents, "but it just made Nathan that much dearer to us."

Many Happy Returns to you for a Worry-Free Vacation

EVERY TIME THE ROOSTER CROWS YOUR MONEY GROWS

When vacationing this year, free yourself of worries by taking advantage of our Free Vacation Aids.

Your savings account at Republic Federal Savings entitles you to free travelers checks, a free safe deposit box ($1,000 minimum balance), free telephone transfer and free direct deposit of government checks.

All these benefits will reassure you when out of town—travelers checks protect your cash—safe deposit boxes protect your valuables—telephone transfer allows you to transfer money from savings to your checking account—and for those receiving social security and other government checks, the direct deposit to your savings account allows you to earn high interest immediately, with no worry about loss or theft of your check.

For detailed information simply inquire at any of our twelve offices.

Now earn 7¾% an annual yield of 8.06% by compounding daily. Realize
$1000 minimum balance, 6 year minimum. Federal regulations permit withdrawals from certificate accounts before maturity, but there is a substantial reduction in interest earnings.

Sierra Madre Girl All Stars Post Wins

All the Sierra Made Girls' All Star teams, who played on Saturday, July 30, in Bell Gardens, displayed unequalled skills and grace at their games.

In spite of the heat, especially in the early afternoon games, the girls in the Midget Division (7th and 8th grade) beat the South Gate team. The final score was 10 runs for Sierra Madre and 4 for South Gate.

The Peewees (4, 5 and 6th grade), who played against Sportsman's Park from Los Angeles had to work a little harder for victory against their opponents. In the top of the 5th inning, the Sportsman's Park team tied up the score. In the bottom of the sixth inning, the Peewees got a run, but in the top of the seventh the game was tied again. Fortunately, in the bottom of the 7th, the Peewees scored the run that brought them victory. Stephanie Biely, the pitcher, struck out 11 girls. The final score was 7-6.

The last game of the day, for this tournament, played by the Juniors (9 and 10th grade), was very outstanding. They played against the Huntington Park Team. In the first inning, Huntington Park got two runs, their only runs of the game. The rest of the innings were Sierra Madre's, with Doreen Hernandez, the pitcher, striking out 14 girls and Kathleen Burke hiting a home run. The final sccore was nine for Sierra Madre and two for Huntington Park Team.

We hope the Sierra Madre girls continuining their winning ways in their next games, and maybe win the All Star Championship for 1977.

In August of 1873 the first cable ctr traveled down San Francisco's Nob Hill.

Put a wooden beam on the floor of your garage to stop you car's front wheels when you drive in.

Attorneys for Executor

SUPERIOR COURT OF THE
STATE OF CALIFORNIA
FOR THE
COUNTY OF LOS ANGELES
Estate of

ELISABETH R. POTTER,
Deceased.
CASE NO. P 617 587
NOTICE OF INTENTION
TO SELL REAL PROPERTY
AT PRIVATE SALE

Notice is hereby given that, subject to confirmation by the above-entitled Superior Court, on August 19, 1977, at 19:00 A.M., or thereafter with the time allowed by law, the undersigned as Executor of the Estate of ELISABETH R. POTTER, deceased, will sell at private sale to the highest and best net bidder on the terms and conditions hereinafter mentioned all right, title and, and interest of ELISABETH R. POTTER, deceased, at the time of her death and all right title, and interest that the estate has acquired in addition to that of the decedent at the time of her death, in the real property located in the County of Los Angeles, Sate of California, described as follows:

Lot 2 of Tract No. 14683, as per map recorded in Book 313, Pages 47 to 49 of Maps, in the Office of the County Recorder of said County.

The property is commonly referred to as 524 East Sierra Madre Boulevard, Sierra Madre, California.

The sale is subject to current taxes, covenants, conditions, restrictions, reservations, rights, rights of way, and easements of record. The property is to be sold on an "as is" basis except as to title.

Bids or offers are invited for this property and must be in writing and will be received at the office of Kidwell and Pestana attorneys for said Executor, at 619 South Bonnie Brae, Los Angeles, California 90057, or may be filed with the Clerk of said Superior Court at any time after the first publication of this notice and before making said sale.

Bids must be sealed and will be opened at the office of Kidwell and Pestana at the hour of 10:00 A.M. on the above date.

The property will be sold on the following terms: cash, ten per cent (10%) of the amount bid to accompany the offer by certified check, and the balance to be paid on confirmation of the sale by the Superior Court. Taxes, rents, operating and maintenance expenses, and premiums on insurance accentable to the purchaser shall b prorated as of the date of recordation of the Executor's Deed. Examination of title, transfer taxes, and any title insurance shall be at the expense of the seller. Recording of convevance shall be at the expense of the purchaser or purchasers. Escrow charges shall be shared equally between seller and purchaser. The commission, subject to the approval of the above-named Court, shall be at the seller's expense.

The undersigned reserves the right to reject any and all bids prior to entry of an order confirming the sale.

TWO LETTERS

Charlie
P.O. Box 513
Sierra Madre, CA 91024

Dear Charlie:

I would very much like to become engaged to you. The ring you have promised sounds very interesting and unusual, and I would like to know more about it, and about the cost!! I will not be abe to use my real name, as I'm already engaged to another man. (The more the merrier) Right?

Thank you,
Free Thinker

P.S.: Plus I am a virgin!!

READ "THE ANSWER" BY "CHARLIE"

Governor Charles C. Compton
P.O. Box 513
Sierra Madre, California 91024
Dear Charlie Baby:

You have all of us girls down at "Hebo" in goose pimples, thinking about all of us becoming engaged to you at one time. It is definitely intriguing.

Your description of the ring is really interesting, but we are doubtful that we can afford one. Some of us are single, some of us have attachments, but not too serious about them.

It is absolutely fantastic to think we have someone right here in Sierra Madre that has the courage of God to place his name on the ballot for Governor of this great State, and I am sure that all of us will be pulling for you with every ounce of our strength.

All of us have read and re-read your article in the Sierra Made News, and have come to the conclusion that you are not talking about "Sex," but love of life and survival, however some of us might be interested in going further.

Of course, al of us would like to be the first, but do rest assured that we would not fight among us for this place in your life. With great interest, I ask that you send to me as soon as possible all of the details connected with your plan. When you will have the rings, when we can invite you to our club to tell it to the girls.

Please consider me among the first.

THE ANSWERS

PSALMS 35:27 — "LET THEM SHOUT FOR JOY, AND BE GLAD, THAT FAVOR MY RIGHTEOUS CAUSE, LET THEM SAY CONTINUALLY, LET THE LORD BE MAGNIFIED, WHICH HATH PLEASURE IN THE PROSPERITY OF HIS SERVANT."

Read Your Sierra Madre News!
As "Winchell" Used To Say:
ATTENTION Mr. and Mrs. USA and All the Ships-At-Sea!

Dear "L":

Your letter to me was received OK! Thanks for communication and interest! I really loved your sense of humor (in high gear) starting with "Dear Charlie Baby." That alone made my day!

The contents of your letter, in its entirety, were to me "a-la-mode" plus! Tell all the 'lovin-ladies' there, that I bust my shirt buttons "swelling up my chest" to read of your descriptions of "turning them on," even if you are kidding! — This puts steam in my creative boilers, as a matter of fact!

Hallelujah! — I have been in touch with the "jewelers" who are to make up the rings, according to my design instructions — and are to deliver the first model to me within a two-week period! After my approval then, the rings will be made shortly thereafter! Progress, meanwhile, has been slower than anticipated. I don't expect further delays, ROOT FOR ACTION!

Further, I am trying to arrange an easy credit-plan through known reliable "name" banks, so that at little cost, the easiest terms may be available, if credit is desirable! The rings must be of highest-top quality, worth much, much more (at retail mark-up prices) than the near-costs, price-of-purchase, for all the "lovers." THE MAKERS OF THESE RINGS MUST PASS CHARACTER - QUALITY TESTS.

I am happy to know you all will be rooting for my Governor-candidacy! I hope you all will be a leading part of that 'lovin' army of "females" that will turn their correcting - everasting - POTENT LOVE on an upside-down world, and right the wrongs imposed on the innocents by the bad guys in government, the "chincanery"-practionioners included! The "good guys" and "dolls" need help too, to uphold righeousness! JUST THINK of a million "lovin-ladies" for a starter in sweet and sunny California helping females get elected - appointed. WOW!

And a largly ALL WOMAN GOVERNMENT - Administration! What do all the people STAND TO LOSE? MOSTLY, THE BAD GUYS! What do all the people STAND TO GAIN?: SURVIVAL THROUGH LOVE!

When that great day comes, for "desert," in this kind of 7-3's course "FEAST OF LOVE," we would see uprooting and restructuring in all the "legalized" robber's "influences" in government agencies, starting with special interests by "Lobbys" (practically owning legisatures of the State Governments and/or the Congress of the Federal Government!) We would start to realize the meaning, without hypocricy or deceit and deception of "equal protection and due process of the Law!" We would see the RAISING OF THE STANDARDS OF "Equal Justice," to EACH and to ALL, UP, towards Heaven's decrees and away from the below-the-belt-of-decency, in/of ANY LANGUAGE! We would understand the meaning clearer) of "ALL THEIR RIGHEOUSNESS IS AS FILTHY RAGS," as the "lovin-ladies" advance in government participation, in depths and standards of righteousness that qualify, TO FIT THE MEANING OF THE TERM, OF RIGHTEOUSNESS!

"The bad guys" have timidly or ignorantly, or knowledgeably — permitted wrongful laws, phoney and unfair laws, that are both morally and legally wrongful, to, in effect, "LEGALIZE" STEALING! Sometimes, stealing and ripping off the people, with the dressed up label of "taxes," that sanctions and covers the robbing of the people! I read where down in Florida, a poor life-long soldier of the Armed Forces owns a home way out, near the alligators in the Everglades — the tax-thieves clip him and his wife for $900 a year "property" taxes, PLUS giving the billion dollar "corporation" thieves AN ENFORCED WAY, to steal another $1,300 a year, for "Insurance" ON 2 OLD CARS! Gangster "Al Capone" used to charge for "protection," but NOTHING like 1977 "Politicians."

I read, where these modern-day "legalized" high-finance thieves (no less) foreclose on homes, because the owners can't "pay the taxes." I read where insurance companies, who have pocketed BILLIONS OF DOLLARS of stolen money (via legalized thievery) by robbing the people "legally" (while having these billions of dollars in assets) STILL WANT to continually "rip off" their victims, at an ever increasing rate of "INSURANCE"! Worse, they sponsor laws that FORCE the people to submit to their "programs" of "legalizd" STEALING!

. . . . Oh well, it's not campaign-time right now, but it is time that all the 'lovin-ladies' UNDERSTAND THEIR "POWER OF LOVE" TO DESTROY THE "POWER OF HATE" and the end result, as is, of suicide, world-wide, by incineration and horror weapons, if the things that create hate and wars are not arrested and erased! It's time the love in the hearts of mothers, wives, sisters and all 'lovin-ladies' move into the driver's seat of ALL "GOVERNMENTS," here, there and EVERYWHERE! . . . It's time they organize under "A BANNER OF LOVE" of the highest qualities . . . and in a "righteousness" that is NOT AS DEFILED as that of the "haters," the hate-makers, the war and death planners. That "banner" is the Lord's "White Horse" symbol, and its followers not only incude this great army of 'lovin ladies', assembling to march on the "Peace and Love" path, but there also, and surely is — a great Heavenly Army of "lovers" that ride right down the line, WITH WHITE HORSES! AIN'T THAT SOMETHING!

IT'S TIME for all those 'lovin hearts' of all those millions 'lovin-ladies' to read, to hear, to understand, especially about the high stakes of millions of human beings) and to respond to the "call-of-love" in this kind of "love-affair" and "engagement" to "LOVE." — And so, you can see, WHY I'm so happy to be, REALLY, to enjoy and have the privilege of you being "engaged" to me, and I to you! Further, that you certainly are among the very "first," in my book! I also, am really "spooked" with the idea of being engaged also, to all your girl friends, AT THE SAME TIME, that's "far out" and "right on" "BABY," — I just love all you "babies" to pieces! WOW! — I feel like "bucking in the pasture!"

You are surely right, I'm not talking about "sex," even though that's a bedroom secret — important factor! You all can bet, however, I want "to go further," and I will "go further," only under the "right" conditions, though, the same I have been true to, for past 18 years! LOVE FIRST, MARRIAGE SECOND, SEX, BABIES AND FAMILY FOLLOWS! In this three step "program," I yet expect to "sire" a whole new "flock of children"! I'm 63, well preserved and figure to live (by faith) to the ripe age of between 147 to 150 years young! This means "I'M NOT HALF-GROWN YET"! I've had an ESP "Precognition" spiritual revelation, on this data. I BELIEVE IT! The "wife" the LORD gives me, after a million "lovin engagements," will verify, the beginning with our first "blessed event"! "I believe in miracles," and it's a good thing, that a lot of 'lovin ladies' and all 'lovers' DO TOO — BECAUSE, A GREAT MIRACLE IS NEEDED, to overcome that "finding," of the professionals," that: A-war and consequences" of "suicide," RULES OUT "SURVIVAL!"

So, again, let it be clear, as you say, I'm only talking about love of life and survival for hundreds of millions of innocent human beings who, if the 'lovin-ladies' don't step in and up, and put down some insane people, world-wide — the A-war will come and incinerate and poison, most all of us!

Surely, I hope "all of you" will carefully read, receive, perceive and pass on these words and this message, in its entirety, to do your individual and collective BEST!

The "stakes" ARE the highest! Our cause IS most just and 100% righteous! And in the final stages, before the finish line is reached, in this race between "Survival" and "Suicide," for All Races of All Nations . . . SURELY, "all of us" will have an "invitation" and we will "all" attend, a symbolic "marriage supper," of/for 'The Lamb of God," our Lord and Savior, Jesus Chist! For Jesus IS alive and HE KNOWS all about these matters, if I did not know this, by personal and real experiences, I could not make it "stick," but you can be sure, I DO! Praise God! Our God is not dead and He lives in the hearts of 'LOVERS"!

Surely we "lovers" are a part of His story — a story He both authors an He finishes . . . We are about to be a part of the "largest cast" in the entire history of "show business," with love in our hearts, and we know WHO is in our hearts! "God IS Love!"

I will always call all these 'lovin ladies' what they are, the sweetest angels of all! WHAT "BEAUTIES" TO LOVE!

I am enclosing some relative data, about the proposed (Gov. subsidized) billion $$$$$ international TV series! I am sure that homehow, all these 'lovin ladies' are "destined" to become "actresess," in this projected "greatest of all shows." AIN'T THAT SOMETHING.

As soon as the model for the ring is sent me and I approve it, the price and finance arrangements will also become clear. Then, I will promptly forward this data to you! Within 30 days, I estimate! I'm not a speaker or orator, but I'd be glad to meet and talk with you and all your 'lovin ladies'!

Thanks. God Bless.

Love U
"Charlie C."

"LET'S GO TO PRESS"

Dear "Free Thinker":

Your letter to me, postmarked July 19, 1977, was received same day! Thank you for participation!

You have read my ad, requesting one million 'lovin ladies' to become engaged to me! Obviously, I'm not talking about "sex," but love of life and "survival," for all forms of life on this planet, as it is known now in the face of suicide threats, by atomic warfare-activiation!

I see no need, REALLY, why wives, sweethearts and "pals," of any sensible men, cannot voluntarily help, as you are doing, in this type of wholesome "love affair," that in fact, considers the major threats and dangers that are ACTUALLY existant, and where the potential victims are not only babies, little children, grownups and the elderly of all Races of all Nations, but include "WIVES," "SWEETHEARTS" and "Pals" of "sensible" or "ignorant men"! . . . FOR ALL OF US, I mean, literally ALL OF US are potential victims of a hellish halacaust of incinerations - cremations, that can and may be started, by not less, than NOT A FEW, INSANE MEN!

I see no sensible reason to hide being "engaged" to "Charlie," in recognition and respect to the honorable and highest ideals and clear-cut motivation for such "engagements." REALLY, it's more or less, like being "engaged" to a "just cause," a stronger reason, than a marriage or "engagement," between flesh and blood? . . . It's really being and having, a conscientious willingness, to be a part of A ROOTER FOR A "PROJECT," that IS CREATED FOR YOUR OWN SAFETY, WELFARE AND SURVIVAL, AS FOR OTHERS!

However, to each their own "privileges," to freely think and respond accordingly, to their own interpretations, beliefs, motivation and cause! I am not appointed to intrude or judge, or bind other's freedoms! Praise God! "WHERE THE SPIRIT OF THE LORD IS THERE IS LIBERTY."

You wrote me you would like to be engaged to me, in resopnse to my publicly advertised-clarified requests, for "engagements." I advertised for "engagements" WITH THOSE WHO WOULD! AND SO, I heartily and with love, therefore welcome you to the "club," as being engaged" to "Charlie," in accord with the primary motivations and inspirations — goals STATED! As with all "lovers" and "engagements," there are "turn-ons" and "turn-offs," "make-ups" and "break-ups." . . . Only when such trials and tribulations are experienced and the quality of compatibility made known, does the "love affair" continue or terminate (via smooth or rough).

Your being "engaged" to me and I to you, should not seriously cause problems with any other "engagements," BECAUSE, THE TRUTH CLEARLY PORTRAYS THE KIND OF "LOVE AFFAIR" GOING ON! Only when deceit or deception is permitted, do problems arise, so let's PREVENT ANY PROBLEMS, by not being fearful of the truth, but STAND UP FOR IT! OK?

Our "love affair" is honorable, clean and simple, not starting with being "hung up" with any acts or deeds of misrepresentations, evil thoughts, infidelity or adultery and/or "sex," UNTIL AFTER MARRIAGE, even in suggestive appearances or reality! Praise the Lord!

Meanwhile, though, the goal of survival (assured) being won for all, is going to be hard to reach, sometimes grim and frightful, and a hard task, progress through education and communication, will no doubt, be easier, as an atmosphere of understanding is created, by the presence of light-heartedness, created by the "free-thinking" that includes an outgoing sense of humor! This "cools" (a lot of times) hostile reactions and pessimistic views! "Comedy" is one of the best, cures for grimness - illnesses! (Do U read me "Debbie Reynolds"?)

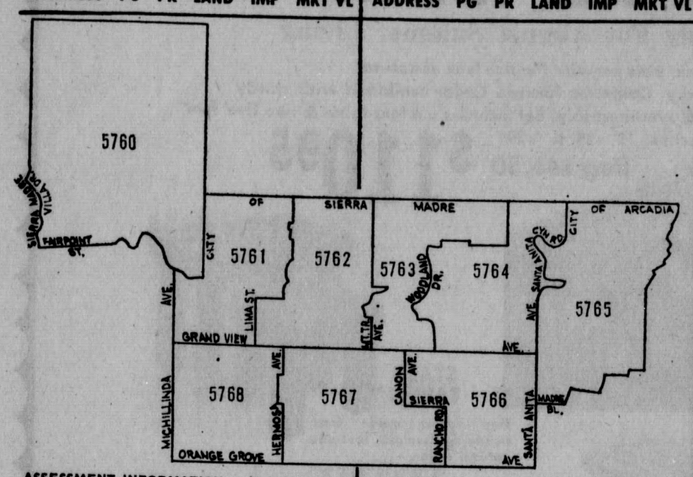

So, you have two kinds of "engagements" now, DON'T YOU? Play it by ear, you have my advice . . . Accordingly, to make it a "safe": "THE MORE THE MERRIER!" Just think of one million 'lovin ladies,' made up of wives, mothers, sisters, sweethearts and brides to be! — All mad at "insane" devils, whose alibis for their mass extermination programs IS UNACCEPTABLE TO LOVERS" . . . and so, these million 'lovin ladies' with their "lovin hearts," do decide: to REALISTICALLY organize, join and work together, through their inspired love-driven "White Horse" clubs, both localy, state-wide and totally — INTERNATIONALLY! Then "Sweetheart" we all will realize and know, the greater power of the Lord's Heaven-sent love, working in and through His "tabernacles," the human hearts, that He made and does recreate and cleans; to fitness, to perform the miracles of LOVE! YES! This will happen and it MUST happen, if all humanity is to win its race, for the Survival vs. Suicide, SHOWDOWN.

With the "Show" getting "off the ground" with one million 'lovin ladies' (where are you??? — USA "Free Press," news media, colleges, women's clubs - organization, DO YOU READ THIS KIND OF LIFE-SUSTAINING MESSAGE OF LOVE??? . . . WILL YOU PLAY YOUR DESTINY ROLES, TO PRODUCE THE END RESULT OF LOVE, PEACE & SURVIVAL?

Are all you 'lovin ladies' going to speedily get involved and lend your "lovin hearts" to this most just cause and for this strongest of reasons . . . by deciding: to organize under the great White Horse symbol, do some "lovin work," like riding right with the Lord's "Lovin White Horse" entry, in the "SURVIVAL STAKES" Race, and run for public office, support women candidates and all other "White Horse" entries, and appoint 'lovin ladies' to "lovin positions" in government and key admisitrative and the news media posts! . . . . THROW OUT THE "CHICANERY" PRACTIONERS, THE SLAVE-STATE ADVOCATES, THE STUPID HATE-MAKERS . . . . YES, THROW OUT THESE PUFFED-UP WITH AND DRUNK WTIH POWER RASCALS, with your lovin heart's corrective powers. RESTRUCTURE THE GOVERNMENT!

Starting right here in California state-wide, then "THIS NATION UNDER GOD" this USA of OURS, nation-wide, then finally this world of ours of all Races of all Nations! . . . We got to the moon, didn't we??? And so we, as "the Word of God" prophecys, get to the great day of assured survival "THEY SHALL LEARN WAR NO MORE," with "the right kind" of love.

Forever,
"Charlie"

ASSESSMENT INFORMATION — Use this map of the territory included in today's publication of Notice to Assessees to determine in which numbered map book area your property is located. Any questions may be referred to the appropriate Assessor's Regional Office. A complete list of regional office address and telephone numbers is included in the Notice to Assessees.

All of the 9 map books which make up this newspaper's publication territory are in Assessor's Region 5.

NOTICE TO ASSESSEES

In keeping with his policy of full disclosure of assessment information, the Assessor of Los Angeles County, with the approval of the Board of Supervisors, has instituted newspaper publication of assessments as provided in Section 621 of the California Revenue and Taxation Code.

All real property assessments are published in one-fifth of the County (the area designated this year as "Full Publication Area Four"). All value changes in real property assessments in the remaining four-fifths of the County are published as "Changes Only."

Parcels are identified by map book, page and parcel number. Where street and street numbers are available, the property is so listed; otherwise assessee's name of record is used.

An assessee, by checking his last year's tax bill, will in most instances be able to identify his map book, page and parcel designation. In the absence of a tax bill, a particular parcel can be found by locating the appropriate area on the map published elsewhere in this newspaper.

Any parcel within Publication Area Four will be listed, whether or not there has been a valuation change. Any parcel outside Publication Area Four, not listed under "Changes Only," had no value change from 1976.

An "H" or "V" following the parcel number indicates, respectively, a homeowner or veteran exemption has been allowed; an asterisk "*" indicates both exemptions have been allowed on the parcel.

The market value of each parcel is also listed. If the Assessee disagrees with this valuation, he is urged to contact his regional office for an explanation of the appraisal, or for any other information regarding his assessment, or assessments in general.

"Stop In and Say Hello"

Eileen

to advancing to supervisory or administrative positions, there was a gap I had difficulty crossiing. For each of the higher positions, I was competing with men. Each time a man won. Some may have been better qualified, but when this happened repeatedly over 15 years, I began to have some quentions in my mind.'

In her present job, Anderson usually works a 10-or 11-hour day but saves the weekends to spend with her husband, Clifford, who is a major in the Police Department. He takes some ribbing from his colleagues about his wife earning morae than he does, but he laughs it off and says, 'As long as I get to spend it, that's okay'."

Baldwin

dre Blvd. and at Orange Grove.

The inspector warned that during the construction period, there may be certain unavoidable inconveniences; however, access to adjacent properties will be provided by the ontractor, except for short periods of time when it is impracticable to do so. During the progress of the work, through traffic will be subject to the following conditions:

Baldwin Avenue and Sierra Madre Boulevard — two lanes, one in each direction of traffic, will be maintained. However, traffic on Sierra Madre may be detoured during working hours only.

All other streets — access to Baldwin Avenue will be maintained at all times.

CPR

culation by the use of closed chest compressions.

Cards are issued to those successfully completing the course consisting of films, lecture, demonstrations, written test and class participation in mannequin manipulation.

Sign-ups are requested, which can be made by call-in the police-fire dispatcher, at 355-1414, but "walk-ins" will be accepted.

Memorial Services For H. F. Parnin

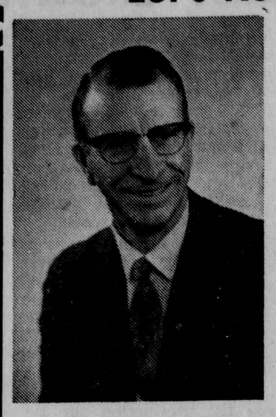

Memorial services were held on Friday, July 29, at the hour of 4 p.m. at Ripple Mortuary for Herman Ford Parnin, age 63, who passed away suddenly at his home at 190 Grove Street in our city.

Herman was a machinist with Lorelei Manufacturing Company, having come to California and Sierra Madre some 17 years ago from the State of Indiana.

In passing he leaves his wife Henrietta F., of the home address. As he was a veteran of World War II, the VFW officiated at the services with interment in Rose Hills with Ripple Mortuary making all of the arrangements.

One of the most famous paintings in the Huntington Art Gallery will be discussed by Robert R. Wark Thursday, August 11 at 1:30 and 2:30 p.m. Wark, Curator of the Art Collection at the Huntington Library, Art Gallery and Botanical Gardens, will talk about "Constable's 'View on the Stour'."

Let's Keep Well

Ralph J. Martin, D.C.

As the summer heat continues, so does the smog and pollution of the air we breathe become intensified. We do not have to wait for a 'smog alert' before we become conerned; every breath we take is loaded with deadly poisons yet no one is concerned enough to do anything about it.

Let us stop and be specific about the stuff that is in our air that we are breathing:

The air of the Los Angeles basin is loaded with sulphur, which potentiates into sulphuric acid . . . a deadly corrosive poison. As more sulphur oils are used and less natural gas, the amount of sulphur in our atmopshere is certain to increase.

Another poison is carbon monoxide and this also is more dangerous during hot weather, being more volatile. Hydro-carbons are considered to be cancer producing and we are breathing them all the time in amounts that are alarming to the students of cancer producing agents.

The deadliest of all the poisons that we breathe is the lead from leaded gasoline burned by our millions of automobiles. Lead affects the servous system and brain as well as all other tissues of the body. This may in part explain the wierd and crazy actions of people that fill the news daily. Lead once introduced into the body can never be removed by any means presently known. What a shame it is that our children have to grow up with bodies poisoned with such a toxic substance.

The answer? You should have one or two rooms in your house where the air is purified with activated charcoal so you can at least breathe pure air in your own home. It is affordable. For information call: 355-2816 or 355-6045.

County, Cities To Get Cigarette Tax

State Controller Kenneth Cory annousced the distribution of $7,062,115 to counties and cities as the July apportionment of cigarette tax.

Los Angeles County received $164,323 and Sierra Madre got $2,407. The 58 counties' share was $1,304,-018 and the cities' share totaled $5,758,097.

This distribution represents 30 per cent of the revenue deposited in the cigarette tax fund during the month of June, less the state's administrative costs of $27,027.

California Cedar Furniture

Be Ready For August Summer Living

PICNIC SET—3 piece table set with the rich look of natural seasoned, pecky, California Incense Cedar combined with sturdy design & workmanship. Set includes a 6 foot table & two five foot benches. 72"x29 ¾"x29"
Reg 146.50 $110.95

Editorially Speaking

The People Must Know

By Howard Jarvis, Chairman,
United Organization of Taxpayers

Speaking of politicians Lenin once said "if people don't eat the lice, the lice will eat the people."

Major tax issues are being pushed through the legislature without the customary two hearings before appropriate committees, and in some cases with no hearings whatever. Thsi is a coverup comparable to Watergate.

A proposal of historic significance — applying the so-called split-rate to school districts, community colleges and the county superintendent, was never heard in any committee of either house of the legislature. This proposal is extremely complex and will have a profound effect on school district finances, and taxpayers for decades to come.

About ten major items are headed for joint conference committees without ever being heard in any senate committee. There were no public hearings, or testimony in the Senate, on the following features of AB 999 (Brown, D) which is now SB 154 (Petris, D).

1 — Utility Users Tax — This is a major new tax available for general law cities and counties which could raise an estimated new taxes of $212 million.

2 — Business license tax — This tax would be available to counties and could raise $40 million in new taxes.

3 — Special Capital Gains Tax — This proposal would tax sales of non-owner-occupied, single family homes held for less than one year at a rate of 50 per cent of the gain.

4 — $90 Million Income New Shift Through Restructuring Brackets — Maximum income tax brackets would be raised from 11 per cent to 15 per cent. This proposal also was not heard in the assembly policy committee.

5 — Major Assessment Reforms — Constitutional Amendment accompanies AB 999 mandates the legislature to revise equalization of assessments. Rejected by the Senate two years ago.

6 — Miscellaneous New Local Taxes — Proposals for new taxes on amusements, parking, garbage collection (not discussed in the policy committee).

7 — $30 million in new additional bank and corporation revenues. No public hearings.

These bills, and others in the legislature at this time provide for hundreds of mililons in new taxes upon the people of California despite the almost $3 billion now in the state treasury this same legislature has already overtaxed the people of California.

This legislature is composed of men and women who campaigned and promised tax relief to the people of California, especially property tax relief. We now konw that property taxes are gong up again in huge amounts, and the state budget has and will keep on being raised at least $1 billion dollars a year.

The first amendment to the Bill of Rights reads — "Congress shall make no law — abridging the right of the people — to petition the government for redress of grievences.

You can now support the Statewide People's Petition to Control Taxation in California. Call United Orangizaton of Taxpayers 936-4982 or People Advocate (916) 487-5144. Stop confiscatory taxation in California.

State Surplus Clarified

With another budget enacted, the legislature now will be acting upon legislation which proposes to spend "surplus" dollars.

That surplus is figured variously and there is much confusion. Kenneth Cory, the state controller, issued a clarification to explain the different estimates.

As of June 30th, the controller estimated the surplus to be $1.6 billion.

"It had been estimated for purposes of preparing the 1977-78 budget that the total potential surplus on June 30, 1978, will be $2.5 billion or more ($2.75 billion if federal revenue sharing monies are included). This larger figures consists of two parts: (1) the projected surplus for the 1977-78 fiscal year of $900 million to $1 billion, plus (2) the carryover into that year of the current 1976-77 fiscal year surplus of approximately $1.6 billion," Cory said.

"Unfortunately, these two surplus figures have not been completely separated in the many recent reports and comments concerning the status of the state budget. There is danger that many people will be expecting a surplus of $2.5 bililon or more to be available at the end of June instead of a year from now."

Employees Cost and Taxes

One in five workers in the United States work for government.

The latest statistics from the Conference Board, a government research organization, give some major reasons for the increases in taxes at all levels in recent years.

In 1975 all levels of government employed 15 million workers and this is twice as many as there were 20 years earlier. During the same time, payrolls increased five times to $156 billion in 1975. That amounts to $1 for every $4 spent by government. Excluding military payments, the federal government spent $3.6 billion, states, $2.7 billion, and local governments, $7 billion each month.

The increase in numbers of employees is not due to the federal government but to state and local. Between 1970 and 1975 there was no increase in federal employees but state and local employees increased 20 per cent.

The best-paid public workers are the federal employees, who averaged $15,000 a year in 1975. This was about $4,300 more than the average for workers in both the private sector and state and local government.

A further indication of the areas of increase comes from the Conference Board's research which showed only a three per cent increase in state and local government street and highway workers in the past ten years, but a 99 per cent increase in welfare workers during the same time.

Employees Pay

In 1975 California state and local employees had an average salary of $14,472 and California ranked second only to Alaska in salary per employee.

Figures from the Bureau of the Census show California with the largest number of employees (1,052,000) and the largest payroll.

Alaska paid its 25,000 employees an average salary of $18,168, but there is a large cost of living difference there. New York, the third state, paid its employees an average of $13,680, and New York City is the top city for cost of living in the United States.

CARROT TOP

your job is over so is your life. But what if you have always felt your life is bigger than your job — and that retirement means only that you are freed from one job so that you can go to something else?

— CT —

When I was called on to testify, I started by telling the story of my father, who died last year at the age of 91. He was a moderately prosperous importer and exporter in Osaka, but World War II completely wiped out his business.

— CT —

For five years after the end of the war, my father worked for somebody else — a situation so intolerable to his independent spirit that in 1950, age the age of 66, he decided to go into business for himself again. He asked me to suggest a name for his new firm. Remembering his motto, "World Unity Through World Trade," I wrote him a letter suggesting "Unitas Trading Company.." He was delighted.

— CT —

His firm was never any great shakes financially — but it was a great success for him in that it kept him busy and happy until his voluntary retirement at the age of 85. His example has always been an inspiration to me.

— CT —

Retirement from one's job can have many different meanings, depending both on the job and on the individual. To those who work in phyisically demanding occupations — construction workers, for example — retirement can be wecome relief from daily physical exhaustion. But nowadays there are other, less demanding jobs that they can go on to, if they remain mentally alert and agile.

— CT —

Personally I think politics is an especially appropriate career for those in their senior years. Younger people still need to prove themselves. Older people who no longer have this need are not so prone to temptations of power and money. Furthermore, older men and women have lived through so many things — such as the Depression, the New Deal and World War II — that younger people only konw at second and third hand. It gives theb perpestive — even wisdom.

— CT —

I have no objection to mandatory retirement at 65 or 70. If you've been at your job 30 years or more, it's time you moved on. There is always something new to try — and we have only one life in which to try it.

— CT —

To the surprise of some of my acquaintances, I recently took up scuba diving and have just earned my beginner's certificate. To be underwater for 40 minutes at a time at depths of over 30 feet was both exciting and frightening.

— CT —

It seems to me that when you cease to be able to face the frightening, that is when you have really become old. I guess what I like about compulsory retirement is that it almost forces you, if you are a man or woman of spirit, to do the things you never had time to do, or were afraid to do. At 65 you should be able to give up your security blanket.

Take your problems to CHURCH this week--
millions leave them there!

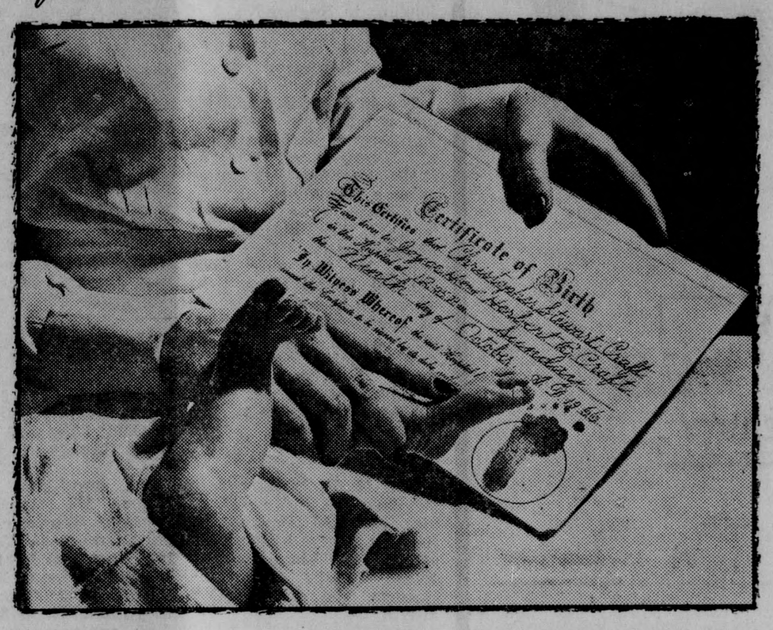

The Signature of Our Son

Under a certain degree of duress, he has now signed his first legal document. And, though he doesn't look much different from all of his tiny neighbors in the nursery, the world knows WHO he is.

But the world cannot know—nor can we, his parents—WHAT he will become!

A man of character—loyal, trustworthy, courageous? A leader—strong, capable, resolute? A friend to many—kind, unselfish, understanding?

Identification is so easy to establish. But character is the product of careful moral and spiritual training. The religious atmosphere of our home, the earnest participation of our family in the worship and life of the Church—these will determine our son's destiny . . . *the path in which his footprints will be known.*

THE CHURCH FOR ALL ... ... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Our 25th Anniversary In Sierra Madre

Neighbors . . Out of the Cobwebs of Our Files

Expanding and extending the use of public schools in a variety of programs and services for the elderly — including meal service — is the basic goal of a joint agreement reached by the California Department of Aging and the Department of Education.

Christopher Kudsk, a resident of Sierra Madre at 631 Brookside Lane, underwent a tonsillectomy the first part of last week at Sierra Madre Community Hospital.

Thirty Years Ago:
August 14, 1947

Mr. and Mrs. Charles Askew and daughter, Jean, left Saturday for a ten day vacation trip to Oregon.

S. S. Hamill, 380 N. Lima, has been proudly showing a salmon, weighing over 17 pounds, and several steelheads which he caught near the mouth of the Klamath River.

The Volunteer Firemen would like to have a piano for their headquarters atop the City Hall and are receptive to any ideas on how to procure one. According to Chief Heasley, they might be able to pay "something but not much."

Miss Clara Sykes and Mrs. Gay Bettencourt attended a meeting for the Presidents of the Women's Clubs belonging to Region No. 2 of the Los Angeles County Federation of Women's Clubs in Rosemead.

The juxtaposition of a kid and a telephone during the lean days of vacation brings all things to all men. To Rudy Hartman last week came a telephone call. "Do you have iodine in a little bottle?" "Yes, indeed," said the pharmacist. "Then you'd better let her out." Rudy laughed (faintly) and went about his business. A couple of minutes later the phone rang again. "Do you have any iodine?" "No," barked Rudy, "I have methylate." "Thank you, Mr. Hartman. I'll be right down to pick some up." It was a customer.

Mrs. N. B. DeMars, with her daughter and son, Bonnie Jean and Donald, are the new owners of the home at 101 South Lima formerly owned by the George N. Dorseys, who moved to 179 Merrill.

Early morning prowler reported . . . A number of .38 special cartridges found by small boys. (These fit the police guns) . . . "Burning out of hours"! This should not be. We are in a very dangerous period of the season . . . When a niece of a local man failed to hear from him after writing to him, she called on the police to investigate. He was found to be alright, but had been ill for some time . . . . A driver of a car reported as "possibly drunk." . . . Mr. "Anonymous" called the station and wanted to know why the sirens and fire whistles are not blown along with the dogs barking. He refused to give his name or his address. He might wish to join hands with the fellow who wrote this: "I go to bed soon after dark, To try and get some sleep, But the neighbor's dogs begin to bark, and I start counting sheep. The sheep begin to look like larks, as through the fence they leap, And those (censored dogs with howls and barks, Disturb my slumbers deep . . . Dog bite . . . Missing cream colored sat . . . Another dog bite . . . Barking dog . . . . A small dog hit by car . . . A man reported to station that he "may have hit a dog." . . . . This is the DOG-GONE end.

Twenty Years Ago:
August 15, 1957

Gloria Hinshaw is back at her post as assistant librarian after three weeks in Honolulu with her twin sister. She topped off her vacation with a three-day Library Institute at UCLA on democratic administration.

Margo Gerke, daughter of Mr. and Mrs. Carl H. Gerke, 602 Mariposa, is publicity director for this year's Orange County Fair which is in Costa Mesa and will continue through August 18.

Mr. and Mrs. Dee W. Nourse, 274 Mariposa, have returned from a two-month trip in the east. While visiting friends and relatives in Ithaca, Syracuse, Rochester, Buffalo and Orlean, N.Y., they attended the 52nd wedding anniversary party of Mrs. Nourse's brother-in-law and sister.

Sierra Madre's most scholarly canine is missing. Craig, a sausage-shaped brown pooch with a diploma from the Church of the Ascension School, wandered away in the most uneducated fashion from the home of his owner, Mrs. Helen Perrin, 678 Alta Vista. The dog acquired his bachelor's degree by accompanying Mrs. Perrin's daughter, Laurrie, to school almost every day for five years. He even went to classes alone when his mistress was unable to attend.

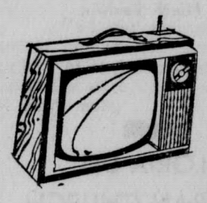

A disease that literally causes wild pigeons and loves to starve to death has been spotted in Sierra Madre, the State Department of Fish and Game reported. Dead pigeons and doves were first seen here in the yard of Nina B. Neale, 218 N. Mountain Trail. She informed the Police Department which referred her to state authorities. The' dis-

We Would Like To Share With You Some Water Conservation Tips!
The Ten Commandments of Water Conservation
1. Put a stopper in your sink or use a dishpan when you wash dishes. Washing with running water uses 30 gallons per meal.
2. Keep a bottle of drinking water in the refrigerator — running water from the faucet until cold will waste a gallon.
3. Wait until you have a full 9-pound wash before you run your washing machine. The average automatic washing machine uses 50 gallons per load.
4. Turn the hot water off while you shave, and turn the cold water off while you brush your teeth. Shaving with a running faucet uses about 20 gallons.
5. Take showers instead of baths. The usual bath requires 36 gallons, the usual shower, only 25. Ten gallons is enough for a shower if you turn it off while you wash.
6. Don't use the toilet bowl to dispose of cigarette ashes, facial tissues, and other matreials. A normal flush requires 5-8 gallons.
7. Use the dishwasher only when it is competely full.
8. Fix dripping faucets promptly. Nearly two gallons can be wasted per day of dripping.
9. Running toilets can waste four gallons per hour. Keep them in good repair.
10. Above all: THINK before you turn on the tap.

Cobwebs of Our Files

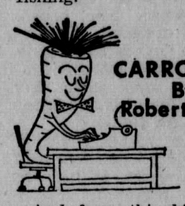

Ten Years Ago:
August 17, 1967

Mr. and Mrs. Lyle Seaman and their family, camped up at Yosemite this year, for the ninth time! Needless to say, they just love it. They were among the lucky people to witness a rare event. The heat wave which hit the weekend before the Fourth of July, caused the heavy snows in the high country to melt, thus flooding the streams and rivers throughout much of Central California and the Yosemite revion.

Defending champion, Roger Kelley, Jr., and his charming wife, Barbara, 1967 Brookside Women's Champion, became the victorious couple in the Sierra Madre City Golf Championship for 1967.

Out of the rumor stage and now in escrow, Sierra Madreans will soon be offered the possibility of a major shopping center at the corner of Mt. Trail and Sierra Madre Blvd. with a land area of between three and one-half and five acres. Preliminary plans, together with architect's conception, land levels and anticipated developments are expected to be presented to the Sierra Madre Planning Commission at their next meeting.

Bill and Evelyn Shaw spent an unusually different summer. It begai with their seven day vacation ot Walker River. They arrived at tneir trailer site in the midle of a thunderstorm only to find someone had taken their trailer. They found out later it had been moved to another camp, and was fortunately intact. Once settled in their misplaced home they began to relax, and enjoy a peaceful vacation and good fishing.

CARROT TOP
By
Robert Evans

And from this bit of expression you can see what our Senator from California has to say about retirement . . . So may it be.

— CT —

Here is something that I just found out recentlv: The Internal Revenue Service has announced that in certain states, California being one of them, that you can now pay your income tax with your "Handy-Dandy" credit card. That's right — just charge it and pay for it later. Now I'd say that ole Uncle Sam is getting downright modern by allowing all us folks to put taxes on the cuff. Now if he'd just get right and start selling postage stamps on credit, then that'd prove that Uncle Sam was a true American! Of course this will be next, should a certain banking outfit, not mentioning any names just initial, B of A, gets the bright idea. I tell you those credit cards sure open a lot of new doors for you, and one of them is the "poor house." Just ask the man who is on the road, and has one.

— CT —

In closing the column for this week I leave you with this one little thought . . . "Always be polite to people who disagree with you . . . after all they have a right to their ridiculous opinions. I hope, I hope, I hope."

A Woman Ought To Know . .

Send questions to: Anita Miller, chairperson, California Commission on the Status of Women, 926 J Street Suite 1014, Sacramento, CA 95814.

Dear Anita:

My company has seven employees — two of them women. An insurance company tells me a group medical insurance plan will cost the women five dollars more per month than the men. Who has jurisdiction over such blatant discrimination against women in the insurance field?

— L. S., Concord

Dear L. S.:

You should contact the California Department of Insurance Consumer Affairs Division — Policy Services Bureau which has offices in Los Angeles, San Francisco and Sacramento. This agency can file discrimination complaint under existing law.

Unfortunately, the insurance industry has a dismal record in treatment of women. Higher rates are charged women for every type of insurance: disability, life, medical and automobile. National studies show that some companies charge women twice the rates charged men.

Recently many states have made it clear that they are dissatisfied with a number of discriminatory practices of these companies: how they insure customers, how they set their rates, and how they make up employee benefit packages for companies.

Since state governments regulate the industry, the rules can be changed state by state. Despite the U.S. Supreme Court decision in December that companies could omit pregnancy from benefit plans, individual states can include it.

Some insurance companies are taking responsibility to equalize laws. The National Association of Insurance Commissioners has recommended that states ban sex bias in many areas.

California has been a leader in providing pregnancy benefits. But many women are still running into discriminatory practices such as you experienced.

— Anita Miller

Dear Anita,

I'm 20, and I've decided to major in engineering. My girl friends think the course is too hard and my parents find it unfeminine. But I've noticed the boys who graduate in engineering immediately get good jobs. What do you think?

— S. L, Mendorino

Dear S. L.,

You will be one of many young women breaking ground in a new career for women — but why not? Employment opportunities in this field are excellent, according to the U.S. Department of Labor, and should continue to be at least through the mid-80's. Right now, new graduates are in great demand and many people in related vocations are changing to this career.

It's a particularly good career for Californians. California, New York and Pennsylvania employ almost one-third of all engineers.

The National Science Foundation has funded a special program at University of California, Davis to re-train women in related careers to become engineers. Many branches of the field have always interested women, but others simply haven't been considered seriously. You can specialize in ceramic engineering, a growing field in which such diverse products as glassware and medical and electronic devices are developed. Or you can go into aerospace engineering, where such space hardware as launch vehicles and satellites are designed and planned. Another growing branch is chemical engineering, where you could be concerned with environmental protection, synthetic food processing or developing new fibers.

Your spirit of adventure in entering a relatively new occupation for women is commendable — and in engineering it makes good sense.

— Antia Miller

Letters to Editor

Dear Editor:

Congressman Larry P. McDonald (D., Ga.) some time ago took up the fight to refute the outrageous television production, "Tail-Gunner Joe," alleged to be a truthful depiction of the late Senator Joseph R. McCarthy (R., Wisc.) and his associates. Mr. McDonald initiated research and placed his refutations in the Congressional Record.

Congressman McDonald requested National Broadcasting Company to provide him with equal time, or at least ninety minutes, which his been refused. Mr. McDonald has instituted a complaint to the Federal Communications Commission, and also wishes to prepare a 90-minute video tape outlining the truth. Should it be deemed necessary eventually legal action would have to be instituted against NBC.

Recently Roy Cohn and G. David Schine filed a $40-million law suit against NBC for damages in misrepresenting and defaming them and raising the question as to whether someone can fictionalize and sell "the lives of living people without their consent."

The Foundation For Constitutional Education has been asked to raise funds to help Congressman McDonald in his endeavor to get the truth before the American people. This Foundation has a tax exempt status under Section 501 (c) (3) of the Internal Revenue Code.

Anyone wishing to help in this matter financially, may send their checks made payable to The Foundation For Constittuional Education and mail them to Congressman McDonald at 1641 Longworth House Office Buliding, Washington, D.C. 20515.

— Marie K. Koenig

Dear Editor:

Hi, I am the new publicity chairman for the San Gabriel Valley Unit of the American Diabetes Association, Southern California Affiliate, Inc.

I have endeavored to revise our list of newspaper publishers. If you have any correction of address, or any suggestions for our releases, please let me know.

Thank you for the past cooperation you have given our organiaztion, and I look forward to a future healthy relationship.

— Mrs. Cheryl Aten

ber, which will be deposited in a receptacle in each place of business.

As President Jackson stated, "sufficient advertising will cover the entire promotion," so citizens of Sierra Madre and surrounding area should keep an eye out for the newest sales promotion of your Chamber of Commerce, which will give you an incentive to brave the inconvenience of the reconstruction period to gather in some outstanding bargains. Watch for the announcements soon.

100% Results When Your Memorial Gifts Go To S.M.F.D. Medical Fund

Booklet Available To Help Arthritis Victims Get Help

Arthritis causes more suffering for more people for a longer time than any other disease. While it is seldom fatal, its paint, stiffness and weakness can affect the victim' job, home and relationships with family and friends.

It is possible, however, for victims of the nation's number one crippling disease to make life easier for themselves. In a free booklet being distributed by the Arthritis Foundation's Southern California Chapter they can learn more about "Living with Arthritis and Where to Turn for Help."

"Living with Arthritis" covers special exercises medications where to turn for help in retraining and in solving financial problems, disability benefits, clinic care and making life easier at home wth self-help devices such as eating utensils with built-up handles, long handled combs and shoe horns and grab bars for the bathroom.

For a free copy of "Living with Arthritis" contact the Arthritis Foundation, 4311 Wilshire Blvd., Los Angeles 90010, or call 938-6111.

The State's Employment Development Department reported recently that a total of $38,300,000 in disability insurance benefits was paid in June to California workers who were unemployed because of illness or injury not related to their jobs (job-related disabilities are paid through Workers' Compensation).
